Today's War Moves

By J. W. T. MASON

Exclusive to Edmonton Bulletin

GERMAN U-boat attacks have been increasing steadily with growing French colonial unrest is becoming increasingly evident. The Vichy government denies today the French Marshal Goering has demanded recall of General Weingart from French Africa, and while it is probably true that the Nazis have not yet taken this drastic step, nevertheless, the situation in French Africa is disconcerting to Germany.

The British administration is feeling itself more and more on the defensive before the French colonial. As Germany seems uncertain about the next move in the war and Italy, facing a strategic crisis in Greece, it is natural for the French African empire to begin to question the probabilities of the axis winning the war.

Historical recent conferences with Trianon and Laval were followed by reports that Germany was demanding division of the French colonies.

COMMONS WILL HEAR LEADERS DEBATE TODAY

Conservative Leader Hanson, Prime Minister Mackenzie King will hold the spotlight in the House of Commons today.

OTTAWA, Nov. 12.—(CP)—Conservative House leader Hanson and Prime Minister Mackenzie King will hold the spotlight in the House of Commons today.

Mr. Hanson will lead off the debate on the address in reply to the speech from the Throne and the Prime Minister will follow in reply.

It is expected to be a review of the last session in war and international affairs.

In some quarters it has been feared that there will be a long debate on the address.

Members of the cabinet will take part with reviews of their departmental activities, and the opposition groups will be heard.

RAILSTON TO FOLLOW

Defence Minister Ralston is expected to follow the Prime Minister in giving a review of activities of the army and training reserves.

Air Minister Power and Navy Minister Macdonald are also expected to give a review of their work.

Supply Minister Howe and Services Minister Macdonald will take part.

Mr. Gardiner retained Sunday from his motion to Britain and may give the House a report on his mission in arranging more efficient procedure for supplying Great Britain food needs.

Mr. Ralston is expected to leave shortly for conferences in London with Prime Minister Churchill and other high officials there.

It is expected the early part of today's sitting will be taken up with extensions of debate in the House of Commons.

Mr. King, Mr. Hanson, Mr. C. G. F. Bower, acting House leader for his group and John Blackmore, leader of the New Democratic, are expected to pay tribute to the late British statesman.

NO TIME LIMIT

Mr. Hanson's speech probably will take most of the afternoon sitting and that of the Prime Minister will be heard in the evening.

There is no time limit in the House of Commons and they normally speak for two hours or more on the address debate.

Mr. King has been suffering from a throat cold and his voice was husky during the weekend but he is expected to be in good voice for today's effort.

When parliament met last May 16 the debate opened and ended May 20, but at the regular meeting of 1939 parliament opened Jan. 25 and the debate was not stopped until Feb. 2.

The House will move tonight at 8 o'clock to hear the motion and second of the address in that chamber.

Text Of Churchill's Tribute To Chamberlain

LONDON, Nov. 12.—(CP Cable)—The text of Prime Minister Churchill's statement to the House of Commons today on the death of Neville Chamberlain follows:

Sir: We lost not the house but a great and noble man, the death of one of our most distinguished members and of a public servant who during the last part of three memorable years was the glory of the House of Commons.

Peace and bitter controversies which hung about him in recent years were hushed by news of his illness and are silenced by his death.

CHANGING EVENTS

In paying a tribute of respect and grief to an eminent man who has been taken from us, no one is obliged to alter the opinions which he has formed or expressed upon issues which have become a part of history but at the same time we may give our own estimate of our own judgments under searching review.

It has given to human beings—perhaps for their otherwise lifeless—has been indelibly to bring to the world to any large extent the suffering of the world.

In one phase men seem to have been right, in another they seem to have been wrong, and in a few years later when the perspective of time has lengthened all stands in a different setting.

There is a new perspective and a new estimate of the events which have taken place.

History with its flickering lamp, which is the light of the past, is now to reconstruct its scenes, to review and to judge.

HAMBURG PORT FACES RUIN DUE TO R.A.F. RAIDS

LONDON, Nov. 12.—(RUP)—The air ministry said today that reports reaching London indicated that Germany's great northern port of Hamburg is facing ruin as a result of the smashing efforts of constant Royal Air Force bombing attacks.

The ministry said that damage to the industries and shipping of Hamburg daily becomes more serious and more and more industries are being transferred to eastern cities and occupied Poland.

The ministry reported growing unemployment and dire straits among the workers of the city.

Each new week adds the ranks of the unemployed in Hamburg, "adding to depression and discouragement," the ministry said.

The docks are being hit with high shells. The burned-out shells of warehouses tell the tale of Hamburg's ruin.

The ministry said that its report indicated that damage was confined almost entirely to the docks and industrial districts of the city and that residential areas hardly had been affected by the British bombing.

The huge Rohnow Navy shipyards on the island of Wakenitz had been hit in Germany.

The ministry reported that British planes yesterday made daylight attacks on the German submarine base at Lubeck, in the Baltic, and on the German air base at Rostock, in the Baltic.

The ministry said that the attacks on the German air base at Rostock, in the Baltic, and on the German submarine base at Lubeck, in the Baltic, were successful.

Looking them Over

by JACK KELLY

Question and Answer

WHEREVER you go these days the boys want to know what kind of a senior hockey team Edmonton is going to have and whenever you meet an official of the Flyers they show an equally keen interest in what you think their support will be.

The answer to the first of these questions is the answer to the second—or should be according to all the accepted standards of the game.

The Flyers apparently have rounded up a team that should be able to make the league schedule a fairly tight race in the final game. They may not have what it takes to lift the Alberta title, but then the difference between the winner and runner-up is often something you need a microscope to find.

So long as Coach Eddie O'Keefe keeps his Flyers sincere and serious about their chances this winter—and I mean every day of the week—then the fans will turn out in a highly satisfactory way. Interest right now is keen. In three it seems kinder that it has been for some time now. Defeats will not keep the customers away, if there are not too many, but indifference by the players certainly will.

You wouldn't think anything could make a normal citizen stay at home and listen to some of the speeches and plays that come screaming over the radio, but sloopy, halfhearted hockey will do the trick.

On the other hand if the Flyers stick with it, regardless of the result and keeping punching with all they have until the final bell goes they will find the customers sticking with them right through until the time when everyone has a sign of relief and gets out golf clubs again.

Moon Mullen, signed by the Flyers yesterday, should be a mighty handy citizen to have around the bench. The former Coast League is wily and capable. He's a tough rookie in defense and if the script calls for it he can gallop with the forwards and do a pretty effective job of getting the puck into the netting.

Pete Yanew is an Edmontonian that President Ira Stuart of the Flyers believes will be an outstanding addition to the club. It's a high risk and as a rule it doesn't make much sense to gamble on a player. Pete has just completed 30 days of army training and is right in the pink of physical condition despite the fact he hasn't been able to practice with the rest of the club until now.

Unless the boys backslide badly this winter from the form they have shown in other seasons, the Edmonton defense should be a nightmare for the forwards on the other Alberta clubs. Last year the Flyers made always get goals that the other clubs didn't score. Coach Eddie O'Keefe and the Flyers' strategists have decided that the way to win this is to build up a defense that will reduce the number of goals scored by the opposition. However there has been new punch added to the Edmonton attacking line, particularly in Joe Brown.

Judge Landis Hears To Line

DOWN in these United States a lot of the boys have raised a hell over Judge Landis barring Big Crosby from buying the Boston Bruins because he, Big, has played a lot of money into the race racing business. They point out that the other clubs didn't score. Coach Eddie O'Keefe and the Flyers' strategists have decided that the way to win this is to build up a defense that will reduce the number of goals scored by the opposition. However there has been new punch added to the Edmonton attacking line, particularly in Joe Brown.

It looks like a tough deal to first place for Crosby is undoubtedly. In a square shooter in racing, you can't make any money at the number of times his legs are also-rans in reality. However Landis was made czar of baseball for the express purpose of keeping the game not only as clean as a bound's tooth, but to keep above even a suspicion. When he heard that the other clubs didn't score, Coach Eddie O'Keefe and the Flyers' strategists have decided that the way to win this is to build up a defense that will reduce the number of goals scored by the opposition. However there has been new punch added to the Edmonton attacking line, particularly in Joe Brown.

Actually the boys shouldn't pitch any bricks at Landis—racing is the target they ought to be heaving at. If the hall-galloping business would come to its own place as honestly as baseball has done, its own would flourish more prosperously.

However, to be fair to every game, you've got to remember that racing doesn't lead to the same dirt control and supervision that baseball does. Racing is a game of chance and luck, whereas there are scores of tracks and racing associations that are as independent as a pig in a sty. They function under different sets of laws in different states and as long as they are making the kind of money they are, probably they are not likely to be welded together into a single organization.

Moon Mullen, Pete Yanew Added To Flyers' Roster

Club Ready to Open With Nine New Players

Last night the Edmonton Flyers added two more players to the roster they will carry in to the Alberta Senior Hockey League campaign which opens here Saturday—Moon Mullen and Pete Yanew—who last played senior hockey in the west faces this season up to nine.

Mullen, an ex-pro from the Coast League, did a sterling job on defence for Olds last winter and Yanew was in Edmonton who last played senior hockey in the west faces this season up to nine.

Coch Eddie O'Keefe declared today that he believes the Flyers are good enough to hold their own with any team this season. He is particularly well satisfied with the defence system that the club composed of strengthening, although he thinks not that they have gained an undoubted scoring punch at the same time.

The new faces that Edmontonians will see in Flyer uniform when they open the league here against the Oilers are: Goalkeeper Dave Pow, formerly goaltender of Drumheller Miners and Leduc Indians; intermediates: Dekekenen Walter McIntyre, with Gordie MacKenzie, western Ontario last season, and Gordon Sherri, star of the British Columbia team; and forward line: Joe Brown, veteran Edmontonian who was a star in the league; Alex Watt, Edmonton product with Olds last season; Al. Newcome and Joe Dufresne, last season's Leduc junior stars. Moon Mullen and Pete Yanew.

MUCH BETTER
"Our Flyers are a whole lot better than a year ago," said O'Keefe, adding "Flyers are now the strongest team I have ever coached." In 1939 O'Keefe sent Olds Olds into the playoffs and last year he repeated with the Flyers, although neither team won the championship.

This year Flyers have three first forward lines, two 100-pound defence combinations and two goaltenders that make the squad "solid" right through the middle," says O'Keefe. Average size is 22 and average weight 170 pounds.

While the playing crowd refused to predict Flyers would finish on the top he had reason to be optimistic for right winger Brown, who joined the Edmonton Leger after helping Kirkland Lake Blue Devils in the Allan Cup last spring, believes Flyers are as well-balanced as any team he has been with.

Most of the 16 players in five physical trim after workouts six nights a week since Oct. 17, have been in the best of condition.

GOALIE UNDEBATED
Walter McIntyre, Robinson, who has done a year ago, will start as regular goalkeeper for Flyers.

On close the most rubber during the week's workouts, McIntyre said, both are doing a good job and a 60 lb. is in prospect.

The No. 1 defence line will be Sherri and McIntyre, O'Keefe thinks, and two are also strong when McIntyre and V. Allen formed the leading North Battleford Beaver team in the 1937 Allan Cup series against Sudbury Tigers.

Sherri, voted the most effective player in the British National League last season, was also named for Hartnig Greyhounds, as "exceptional blocking" ability and a real scoring threat. He is expected to be one of the best rushing defences in the Alberta circuit.

McIntyre, O'Keefe said, is playing better hockey than when he was

NEWBERRY, Mich., Nov. 12.—(AP)—A wolf that has been the terror of wolves, dead once to every Old Clubfoot, the other 400. After eluding the hot lead and cold steel of every Michigan hunter, the notorious old timber wolf ran afoul of a radio technician in the name of Leslie Pow, who lives here in Newberry.

Dodgers Buy Higbe From Lowly Phillies

NEW YORK, Nov. 12.—(AP)—Larry MacPhail, president of the Brooklyn Dodgers' baseball club, announced Monday he has acquired Kirby Higbe, a great pitcher with a last-place National League club, from the Phillies in exchange for Pitchers Vito Tamulis and Bill Crouch and Catcher Thompson Livingston, plus a little matter of \$100,000.

"We paid plenty, but it was a 'must' deal from our standpoint," said MacPhail. "Higbe was the only fellow who met the specifications of the Dodgers. We've been looking for him for two years and we don't think he has reached his peak yet. He should be good for 10 years."

Higbe, who is 24, was with the Phillies in 1939 and 1940. He was with the Phillies in 1939 and 1940. He was with the Phillies in 1939 and 1940.

BIG BUSINESS OR JUST SPORT FACES COLLEGES

NEW YORK, Nov. 12.—(AP)—Two diametrically opposed views on the future of college football in the United States were presented at Monday's luncheon of the New York Football Writers Association.

Chick Meahan, speaking strictly on the new, insisted it is high time eastern colleges realize football is big business and treat it as such.

Korn Kaiman, graduate manager of athletics at Princeton, predicted the probable curtailment of intercollegiate competition, but with athletics surviving on a "sports for all" program.

Meahan, who raised New York university to the status of a major eastern power and started Manhattan on the way up, pointed to the importance of many youth-western and southern colleges, and attributed it largely to the wide notice their football teams received.

"Those teams were built up by the college itself," he said. "The Rotary club, the business men, the chambers of commerce—they all pitched in. Why? Because it was good business for them. You don't get into the college game without a lot of money."

ST. LOUIS, Nov. 12.—(AP)—St. Louis Flyers defeated Kansas City Greyhounds 5-3 in the opening game of the American Hockey Association season here Sunday night.

Winkler, Smith and Fido Purpur and Nic Benning counted the early goals, two apiece for the Flyers, while Allan Cup last spring, believes Flyers are as well-balanced as any team he has been with.

Most of the 16 players in five physical trim after workouts six nights a week since Oct. 17, have been in the best of condition.

Walter McIntyre, Robinson, who has done a year ago, will start as regular goalkeeper for Flyers.

On close the most rubber during the week's workouts, McIntyre said, both are doing a good job and a 60 lb. is in prospect.

The No. 1 defence line will be Sherri and McIntyre, O'Keefe thinks, and two are also strong when McIntyre and V. Allen formed the leading North Battleford Beaver team in the 1937 Allan Cup series against Sudbury Tigers.

Sherri, voted the most effective player in the British National League last season, was also named for Hartnig Greyhounds, as "exceptional blocking" ability and a real scoring threat. He is expected to be one of the best rushing defences in the Alberta circuit.

WATER is Good Whisky's perfect companion

"A good companion allows a friend to express himself freely. That is why water is the perfect companion of good whisky. It allows whisky to tell its own story."

The Seagram Canadian Whiskies are distilled, aged and blended to meet the water test. They are of such exquisite flavor that men who know good whiskies refuse to mix with them anything other than plain or sparkling water.

It is this delightful and exclusive smoothness that has caused the Seagram whiskies to outsell all others on the American continent.

MacPhail Stays As Dodger Boss

NEW YORK, Nov. 12.—(AP)—Brooklyn Dodgers president, Larry MacPhail, said today that he will direct the club through 1941.

"I've had a three-year contract ever since I've been with the club," MacPhail said. "Last year the board of directors have extended the contract to make it for three years."

He refused to comment on the fact that if the club's record is not good he will be paid off in full at the end of 1941.

With The Pin Busters

In the Metropolitan 10 Pin League Monday night, Arndt of Mount Royal turned in the best three games in the league. He had scores of 224, 224 and 231 for a total of 679. Mount Royal had the best net team score, although they lost, two games to Princeton.

It is a matter of course for a bowler to roll the same score in two out of three games, but that happened three times Monday night in the Metropolitan 10 Pin League. What's more, the bowler who did it rolled it up in consecutive games. Arndt got 224 in his first two games, while Wayne of Princeton scored 224 in each of his second and third games. The other team had 199 in its second and the same score in its third.

CITY FIVE PINS
The only other league to operate Monday night was the Civic Bowl Five Pins. The league had the first full team of the six who showed up. Doughty stepped out and helped himself to a third 200 for the best single game score. His game was the only one to third 200 made of a total of 700 which gave him the high three games.

Your Baby And Mine

By MYRTLE MEYER ELDRED

The antics of the small baby, who can dart like a flash from one end of a room to another, bringing destruction to it and disaster to himself, had best be mastered by keeping him safely in a playpen. During this, the mother will have to fence off one end of any convenient room and in this small keep her baby active baby who is still too young to know the meaning of caution.

Babies are not at all offended by being penned up. They like it as a matter of course and will be happy on the clean pad of the playpen, just as happily as they will be in their crib. It is while they are young enough to accept this restraint without resentment that the pen should be purchased. But the five to six months old baby in it is very persistent, both morning and afternoon. Provide some string of toys strong from bar to bar, or lay some light toys, which baby can grasp on the floor beside him. Let him manage the rope.

When he is old enough to pull himself to a sitting position or to try to stand up, he'll find the bars of his pen the handiest possible supports. And as he has a generalized apt in which to move, he will be sure to find his way out of the pen. He is being hampered by the pen, but he is not being hurt. He has a better opportunity to be sure he runs into nothing, and he has something to hold onto.

At 14 months, or thereabout, after forcing somewhat, with the pen, he'll become tired of his playpen. He may stay in it outdoors, where he has life to look at, but in the house he wants the run of the pen. If he can walk out of the pen, it is hardly possible for this time to keep him in the pen for very long.

BEST TIME

Now is the best time to put a small fence across some room door, and remove all furniture, except the pen, that room, and let the child move about unhampered and uncontrolled. These methods are better than the mother's good temper, ruined otherwise by the constant, and unnecessary, otherwise by unnecessary scoldings and punishments. They are better, fully as necessary as part of nursery equipment as a high chair or both.

DIFFERENT KINDS OF DOGS DO NOT REQUIRE DIFFERENT FOODS

There are many foolish ideas about what to feed a dog. Some of these ideas are related to the different breeds of dogs, while others are related to the kind of meat and prepared food. It is often said that the kind of dog requires a special kind of food different from other breeds. But the truth is that all dogs eat the same thing as other dogs, and all dogs will eat about the same things. Like children, dogs can be spoiled easily, and will eat just about anything. But this is in the training and not in the breed of the dog.

Your Figure, Madame! By IDA JEAN KAIN

When hips are anchored, as on chair, stretching exercises such as the above three slim the waist faster. Left: Stretch clasped hands overhead, gives at the waist and circle the trunk; center: bend the trunk to touch right hand to left ankle, straighten up and bend to other side; right: with hands clasped behind head, twist at the waist, bend down touching right hip to right knee, then repeat on left side.

Dress and Turban Ensemble

4512

"That 'complete ensemble' look is most important this season! And here it is, in Pattern 4512, an Anne Adams turban and dress outfit that would be striking for working girls, young housewife or coed. The dress has short, three-quarter or long sleeves, and a high neckline. The high round neckline is a perfect backdrop for necklaces. And the yoke holds gathered fullness below. A waistline that is just right for the waist; the skirt has front and back panels. Most important fashion feature is the broad waist-graft that may be in front with a brilliantly belted bow, to match the fabric of the softly draped skirt.

Pattern 4512 is available in junior sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, LONDON, Nov. 12.—(CP)—
Polish troops, many of whom
were sent there by the British
under fire, crossed Russia and the
Caucasian mountains in Asia
Minor, are ready for war service
in the Near East.

These soldiers went to Syria to
help on their way with Hitler after
they were sent there. They arrived
there, they worked there until France
surrendered.

They, with nearly 100 small cars
and machine guns, and other equip-
ment loaded on trucks, they
crossed into the Near East. Near
Damascus they trained again and
collected new horses for their cav-
alry, new guns and uniforms for
their infantry.

Alan Macdonald told of these
soldiers in a dispatch from Cairo to
the London Daily Express. He de-
scribed how, as a full unit, they
were sent to Alexandria, Egypt, when

Admiralty Denies German
Claim Entire Convoy
Sunk In Atlantic

LONDON, Nov. 12.—(CP)—
Britain lost 13 merchant ships, total-
ing 48,000 tons in the week end-
ing Nov. 2-4, the admiralty an-
nounced today. Other shipping
claims that were reported as
four allied ships, totalling 3,485
tons and one neutral ship of 1,385
tons.

with their air and submarine cam-

under review, 100 tons of our merchant
shipping."

MOST FLUTE RAIDER

Announcement of the shipping
losses was followed by an admiralty
statement denying German claims
that an entire British convoy of 15
to 20 ships totalling 80,000 tons had
been sunk by a German surface
raider in the Atlantic.

"It can now be stated," the ad-
miralty said, "that a substantial
portion of the ships forming the
convoy attacked by an enemy
raider last week eluded the
raider."

No details were given concerning
the number of ships or the identity
of the raider was not mentioned.
Reports at the time of the attack
indicated the raider might have
been either of the German pocket
battleships Admiral Scheer or Lützow.

enough to block the passage com-

through the strongly guarded De-
stroit and into the Sea of Mar-
more—through a passage only a
few miles wide.
